

Adding Items

Adding Items

Log into Polaris Leap using your *Advanced User* credentials. If you do not have this, contact your Library Manager or PRLS Consultant about training opportunities.

Note: You cannot be logged into both circulation and advanced user at the same time, unless you are using 2 different web browsers (Chrome and Firefox) or have the second login opened in an *incognito* browser window.

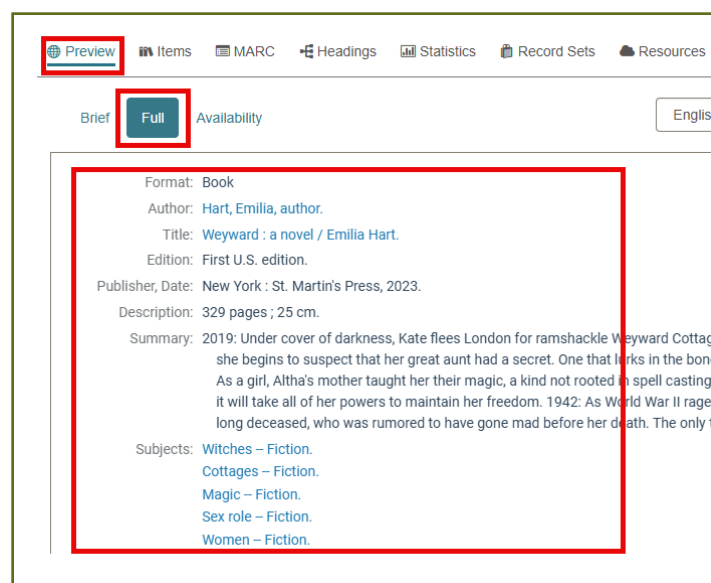

1. Open the Find Tool function. Change the search parameters to Bibliographic Record> Basic Search> ISBN (for books) **or** UPC (for movies)>exact (*). Type or scan the **ISBN or UPC number**, this should be located on the back of the item.

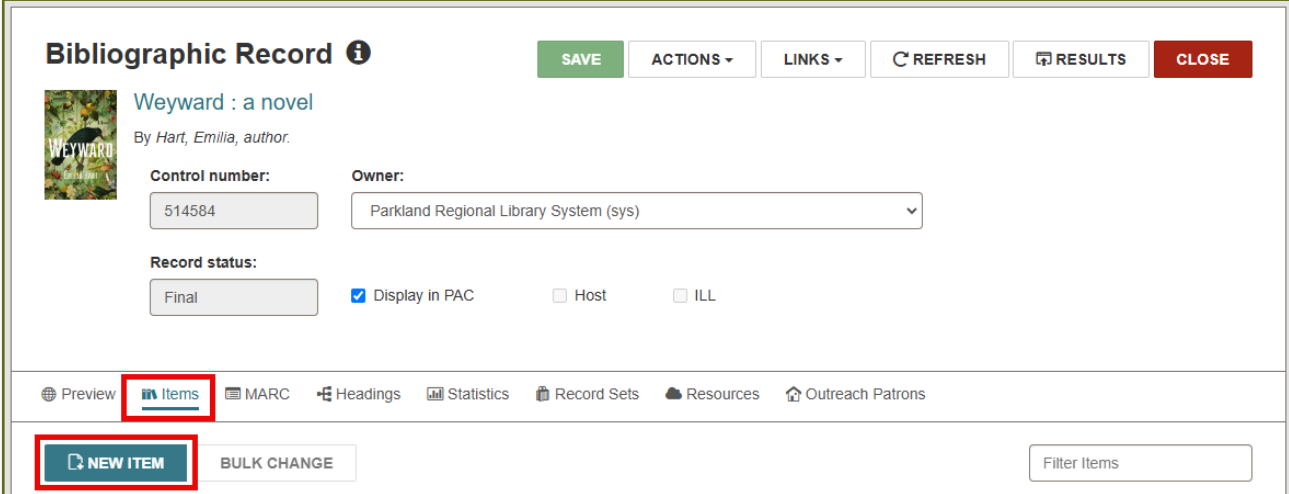

2. The search results will display matching bibliographic records. Verify this is the correct record by viewing: title, author, format, and publication year.

Note: If there are “No Results”, send into PRLS for processing. (25 bks/box; 3 boxes/van run).

3. In the **Full** preview of the Bibliographic Record, confirm it is the correct record (contains edition, publication, description, ISBN, etc.).

- When you have confirmed the record is correct, select the **Items** tab and click **New Item**.

NEW ITEM BULK CHANGE Filter Items

- Add a barcode to the **back cover of the item at the top center**.

Note: Placing the barcode in the standard location will enable all staff and patrons within Parkland Regional Library to easily locate the barcode.

- A **New Item Record** work form will appear. Scan in the **Barcode** and select an **Item Template** from the drop-down menu. The template should auto-fill the item details.

 **Weyward : a novel**
By Hart, Emilia, author.

Barcode: | Item Template: (None)

- Verify the following information is input is correct:

Item Record Information

- Barcode** – Ensure that the barcode has been scanned in correctly
- Owning Branch** – Your Library
- Assigned branch** – Your Library (this must be selected to fill in the other information in the selection)
- Collection** – The general collection code
- Price** – Replacement Cost (PRLS enters the discounted price, please enter \$0.00 if item was donated)

- f. **Circulation status** – In-Process (will be changed to Available when the item is checked in)
- g. **Check boxes** – Display in PAC, Holdable, Non-circulating Item details (this should be filled via the appropriate item template for your library)
- h. **Shelf Location** – Where in the building the item is located if outside of logical area (display, book bike, Reference desk, etc.)
- i. **Renewal limit** – 5
- j. **Material Type** – Item format
- k. **Loan Period** – 21 days
- l. **Fine Code** – 0.25 per day (please enter this fine code, regardless of whether your library charges late fines)
- m. **Statistical Code** – these can be used to track data that the collection information does not capture.
- n. **Call Number Scheme** – Dewey Decimal
- o. **Prefix** – Can be used to identify collection (F-Fiction, YA-Young Adult, J – Juvenile, etc.)
- p. **Classification** – Dewey Decimal numbers (used ONLY for Non-Fiction)
- q. **Cutter** – First 3 letters of Authors last name
- r. **Suffix** – Publication year (if necessary, i.e., sometimes used for Non-Fiction items)
- s. **Volume** – Only use for periodical/serial items (i.e., magazines)
- t. **Copy** – Leave blank

Note: Any extra information can be added in the **Blocks and Notes** tab or the **Sponsor and Donor** tab of the item record after creation.

8. Select **Create Item** and then review item details.

9. Please “Check-In” all newly added materials to ensure the circulation status of the item changes to **Available**.

Material Type

This determines circulation privileges (i.e., loan periods, renewals, etc.) and statistics will generate by material type.

Loan Period (days)	Material Type
21	Magazines
	Blu-Ray
	DVD
	Music CD
	Audiobook CD
	Audiobook MP3
	Book
	Book Kit
	Braille Book
	Large Print
